8) Returned with Compliments.
Free telephones in Government offices are not free. The cost is paid out of the contingencies of the respective offices. The proposal of the R.S. Virtually means that the monthly Charges of these phones should be met out of the funds allotted for A.R.P.

(9) The monthly rental for telephones is Rs 10 and this has been enhanced very recently, for Government telephones the rental used to be Rs 7-8-0. It seems to me that it would be sufficient if the rental for the telephones referred to by the R.S. are raised to the level charged for Government Telephones. The Concession may be continued as long as the Medical men concerned, continue to offer their services for A.R.P in the City.
